

Software Engineering Principles

Autumn 2014

Mandatory Exercise 3

Lecturer: Stefan Hallerstede sha1@eng.au.dk

Instructor: Femina Hassan Aysha Beevi feay@eng.au.dk

18 September 2014

Architecture

Ceiling Projection Travel Alarm Clock

Refer mandatory exercise 1 for Problem Statement.

Problems

- (1) Specify a software architecture for the Alarm Clock.
- (2) Specify a configuration management strategy for the Alarm Clock.
- (3) To prepare for market evolution, integrate the Alarm Clock into a product line.
